

Borobudur Home Furniture

About Borobudur Home Furniture

Our company provides superior furniture product, specializing on teak wood, rattan and stone material, all backed by extensive experience.

With a team of skilled craftsman in their respective fields, we dedicate ourselves to delivering top-notch product and services to our clients.

We firmly believe that outstanding craftsmanship is fundamental to our continuous expansion and to cementing our reputation as the leading furniture maker in Indonesia.

Vision & Mission

Our vision is to become a trendsetter and market leader in the furniture industry by always presenting innovative and futuristic furniture concepts through continuous market research and development.

Our mission is creating furniture with the best quality standards that can improve the quality of life of its users.
